

Microsoft SharePoint Specialist

ICS Solutions are looking for a SharePoint Specialist to join our SharePoint Practice. Reporting to the SharePoint Development Manager you will be an experienced consultant with a background in Microsoft Developer technologies in client facing consulting engagements

Role Summary

Location: Basingstoke and client sites
Package: Competitive salary & bonus
Reports to: SharePoint Development Manager

Experience Required:

- 3 years+ experience of working with SharePoint Server and Windows SharePoint Services
- Good awareness of wide-range Microsoft development technologies
- Experience in the creation and integration of bespoke web parts
- Master Pages / Page Layouts/CAML/List Definitions/ Site Definitions
- Solution Deployment and Feature management, 2007, 2010
- Experience of Web Content Management sites both for Internet and Intranet
- SharePoint Designer Forms, DataViews, Workflows
- Able to design SharePoint Services server farms and topologies
- Good knowledge of Microsoft cloud services and BPOS in particular
- Microsoft Certification

Objectives:

- Delivery of SharePoint Solutions adopting best practices
- Autonomously manage client expectations on a day to day level both from business requirements and technical competency levels
- Leverage out of the box SharePoint solutions
- Pre-sales support, bids and client presentations
- Works closely with the Development Manager regarding code quality, testing, issue resolution and change management
- Raise ICS Solutions profile through community activities, social media activity, and industry events

Company Information:

- Established in 1994 as a dedicated 'pure-play' Microsoft Partner
- Leading Microsoft accredited Gold Partner
- One of only 15 Microsoft MCS "Smart Partners"
- One of around 25 Microsoft BPOS "Accelerate" partners
- One of around 10 Azure "Goto" Partners
- One of 25 SharePoint Internet "Accelerate" partners
- USP: niche focus on SharePoint Adoption, Cloud Computing and Integration
- Sundays Times tech track Top 100 - 2007 and 2008
